Product Details

EXCELL+

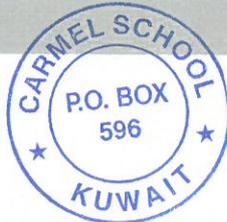

Features

- 7 stage Reverse Osmosis Water Purifying System.
  - **Sediment Filter:** It removes suspended matter such as sand, silt, loose scale, clay or organic material from the water
  - **Activated Carbon Filter:** It removes chlorine and organic chemicals from the water.
  - **RO:** Removes even Dissolved Impurities like Arsenic, Rust, Pesticides, Fluorides etc. besides removing Bacteria and Viruses.
  - **UF :** Removes Bacteria and Cysts (Pore size: 0.01 microns)
  - **TDS Controller :** Maintains essential natural minerals in the purified water
  - **UV:** For double purification, it is totally effective in killing and eliminating the remaining bacteria, yeasts, viruses, molds and other harmful organisms.
  - **Activated Carbon Filter II:** It improves the taste of water
- Fully Computer Controlled Operation with Filter Change Alarm & UV Fail Alarm.
- After a preset time, the Filter Change Alarm is audible indicating the time to replace filters. UV Fail Alarm works whenever UV stops functioning.
- 100 GPD Filmtec RO Membrane Made in USA by DOW Chemicals.
- 15 liters of purified water storage capacity.
- Stylish, eye-catching modern design.
- ABS construction for corrosion free lifespan.
- Fully automatic operation with auto- start and auto- off.
- WQA, USA - Gold Seal, ISO & CE Certified.
